

PROMOTING ECONOMIC VITALITY

January 2008

Dear Chamber Member,

I am pleased to announce that NovoPrint USA has begun production on the new Over-the-Rhine Chamber of Commerce *Community Map* and are delighted to offer our members the opportunity to participate in this publication.

Our 2008 publication will highlight the Over-the-Rhine area. We will be distributing over 5,000 maps to residents, visitors, businesses, schools, new arrivals and others desiring information about our area. Advertising space is limited and will be sold on a first-come, first-served basis.

An exciting addition to this year's map is an on-line interactive map, called LOC8. This product offers your organization an interactive, online map locator service with additional benefits. Not only do you achieve a greater presence on the Over-the-Rhine Chamber Web site and a link to your Web site, but you also receive the LOC8 digital file for use on your Web site and printed products such as brochures and annual reports.

The map will be a main link off our Web site and integrated into our design specifications. On-line users will use our map as an easy and convenient way to locate advertisers' businesses and have yet another way to link directly to advertisers' Web sites!

If you are interested in securing an advertising spot on the new map, or to find out more information, I encourage you to fill out the reply card below and drop it in the mail, fax back to the chamber office at 513-241-6770 or drop it off at the chamber office. You may also contact our NovoPrint Representative, Tommy Thompson, at 937-475-4597 to ensure a premium position on the map! This project will sell fast, so your prompt response will ensure a spot in the map!

Sincerely,

Brian Tiffany, President  
Over-the-Rhine Chamber of Commerce
